

TAIS organised summer Camp -22 ends in fervor

■ NEC Report

Agartala, Jun 3: The three-day-long diverse Summer Camp -2022 of the Agartala International School (TAIS) of East Chandmari, in Agartala city, has come to an end amid huge enthusiasm and expectation today. The divergent camp was nicely framed to explore the rare talents of the enrolled students. The students received big hands and a standing ovation for their outstanding performances in dance, song, literary and other creative endeavours. The CBSE affiliated, the Agartala International School (TAIS) continues to celebrate its innovative fests to achieve the goal of manifestation of the perfec-

tion of its students. This time a beautiful Summer Camp-22 was held from 1-3 June 2022 and involved the students with a robotic workshop, gardening, outing, cooking, field trip, puppet making and a vibrant summer fiesta. During the camp, students from the youngest UKG-I to the secondary standards took part to show their hidden talents in the variegated segments and mesmerised everyone by showing off their merits in the field of creative, cultural and literary activities. The principal of the TAIS Nabanita Acherjee said that many parents consider it a particularly admirable time to wake up the youngest students in the school with a microphone in hand. Breaking the daily monot-

onous routine, Summer Camp helps students develop their folk talents and inculcate a strong mindset and leadership to prosper in life. She appeals to all to encourage their children to improve and to be more active in such events so that they can enhance their confidence level to perform better. In the presence of a full-hall student, teachers and parents, all the successful students were given certifications and applauded. Luci Mam was as usual at her tune in anchoring the programme. But in the manner especially she encouraged the students to learn anchoring on stage to boost their confidence, deserves high appreciation. The closing ceremony was quite enjoyable till the last.
